

ID JOURNAL CLUB SCHEDULE 2017-18
ID LARGE CONFERENCE ROOM, #15122; NORTHWEST TOWER
THURSDAYS, 12:00 - 1:00 PM

Each scheduled Journal Club will have 2 fellows as presenters. Each individual fellow will review a pertinent journal article for about 20 minutes (leaving time for discussion). Faculty Mentors will assist in choosing the article. Practice changing articles should be chosen according to their relevance and impact on our field, from the last 12 months of the journal (as listed below). Journal Club preparation should involve the faculty mentor and therefore, preparation and planning should be done well in advance of the presentation date. **Fellows, please contact your mentors to discuss potential articles at least 2 weeks before your scheduled date. Everyone should plan on attending.**
