7:00 PM

Advances in ART: smaller, safer, easier, better?

Rachel M. Presti, M.D., PhD

Assistant Professor of Medicine, Infectious Diseases Division
Washington University School of Medicine - St. Louis MO

7:45 PM

HIV, Aging and the Brain

Beau M. Ances, M.D., Ph.D., MSc

Daniel J Brennan MD Professor of Neurology
Washington University School of Medicine - St. Louis MO

COURSE DESCRIPTION

This course is designed to provide frontline providers a comprehensive update on antiretroviral management, the desire for long acting regimens and the complex effects of aging and HIV on cognitive functioning.

EDUCATIONAL OBJECTIVES

At the conclusion of this symposium, attendees should be able to:

- understand the pharmacology behind what makes newer agents long lasting and better targeted,
- recognize the risks and benefits of switching to newer agents with potentially beneficial changes to long term safety and efficacy, and
- describe the complex effects of aging and HIV on cognitive function.

ACCREDITATION

This activity has been planned and implemented in accordance with the Essential Areas and policies of the Missouri State Medical Association through the joint sponsorship of the St. Louis STD/HIV Prevention Training Center and the ID Society of St. Louis. The St. Louis STD/HIV Prevention Training Center is accredited by the MSMA to provide continuing medical education for physicians.

DESIGNATION

The St. Louis STD/HIV Prevention Training Center is accredited by the MSMA to provide continuing medical education for physicians. The St. Louis STD/HIV Prevention Training Center designates this educational activity for 1.5 Category 1 credits toward the AMA Physician's Recognition Award™.
